Presentation- Doug and Karen Knight
Doug and his wife Karen have found it to be their personal mission to provide housing, mentoring, and educational services to post release males and females in Eau Claire. In doing so, they have offered up three of their personally owned rental properties in order to give these returning community members a supportive environment in which to transition back into society.

Nancy Robinson, RJ Volunteer, Community Activist, and transitional housing provider will provide her insight as to the importance of meeting the needs of offenders as a critical part of being restorative.

**Next Meeting ~ March 2014 in Stevens Point. Date to be determined.**
