Law School Media and Technology Group

To access information about the services available through the Law School's Media and Technology Group, go to: https://law.marquette.edu/technology-services/media-and-technology. Students can access various links as well as links to various vendors with discounts available to Marquette students. Contact the staff, located in Room 218, at mulawtech@marquette.edu with any questions about the Law School's technology services.

Wireless Network Access for Students

Eckstein Hall has 100% wireless coverage. Once you arrive on campus, you may access the student wireless network by connecting to MU_Student, opening any web browser, and entering your CheckMarq username and password. Designed for students, this network memorizes your username and password, unlike the MU_Wireless network which requires periodic login. The steps for setting up your wireless connection are also located at: http://www.marquette.edu/its/help/wireless/mu_student.shtml

Software

Microsoft Office 365

Enrolled students have complimentary access to Office 365. Installations can be done on Windows, Mac, and mobile devices. Full information can be found at http://www.marquette.edu/its/help/getting/office-365-installation.shtml. Questions? Contact the University IT Help Desk at helpdesk@marquette.edu.

Communication

CheckMarq and eMarq

By now, you may be familiar with CheckMarq, the University's gateway to student information, and eMarq, the University's email system. The Law School, as well as the University, will communicate with you almost exclusively via your eMarq account, so be sure to check it on a regular basis to keep current on both University and Law School information and activities. The Law School will send more information about Orientation to your Marquette email address in early August.

If you have problems accessing CheckMarq or eMarq, please contact the Marquette University Help Desk at 414-288-7799 or helpdesk@marquette.edu.

Connecting Your Mobile Device

Do you have a mobile device that you would like to connect to Marquette’s email services? Get configuration information for your device at: http://marquette.edu/its/help/emarqinfo/setup.shtml#mobile

Law School Announcements

The Law School sends announcements to Marquette email addresses of all faculty, staff, and students each Monday and Wednesday morning when fall and spring semester classes are in session. Watch for these announcements each Monday and Wednesday morning—it’s the only way we communicate what is going on in and around the Law School.

Law School Website: https://law.marquette.edu

Before classes begin, incoming students will be given access to “sign in” to the internal pages of the Law School website where they can find information available only to members of the Law School community: course pages and schedules, locker information and assignments, the student photo directory, fitness center user agreements, and much more. Students sign in to the Law School website with the same username and password needed to access CheckMarq and eMarq. The Law School will email new students when access to the internal pages becomes available to them.
