Peter J. Bausch

1977-2014

Born to Eternal Life on August 9, 2014, at the age of 37. Beloved husband to Kerry. Doting father to Benjamin and Andrew. Loyal son of Thomas and Bernadine. Peter was a committed family man, an accomplished sportsman, a true friend and a distinguished professional. In all things he was pure of heart. Peter's greatest joy was his family. He loved and cherished his wife, Kerry. Whether they were on one of many great adventures across the country or hosting a backyard cookout they took great pleasure in each other's company. Peter was never so happy or proud as in his role as a father to Ben and Andrew. He excelled -if his children did it, he did it too. He was an exceptional role model and loved to harness his boys' boundless energy into productive activities filled with laughter, sweat and imaginary championships. His love of family extended to his many nieces and nephews of all ages for whom he always had a smile, a joke and the energy to organize one of countless backyard sporting events that came complete with a national anthem. He coached, he cheered, and he was there. Peter was a true sportsman and loved the outdoors. He lived out of a tent in Colorado for months and hiked numerous beautiful spots from the Appalachian Trail to Yosemite National Park. He was an accomplished skier and cyclist who put the miles in at every opportunity. Peter raced in the Birkebeiner on several occasions and regularly competed in road and mountain bike races throughout the Midwest. He was a competitor in the truest sense of the word, constantly endeavoring to improve his own personal performance above all else. Peter's commitment to improvement and accomplishment extended to his academic and professional career as well. He completed an undergraduate degree from Saint Louis University and law degree from Marquette University, both with honors. Between his undergraduate studies and law school Peter volunteered for a year as a teacher at Marquette University High School. He achieved great success during his distinguished legal career which began at Boyle Fredrickson in Milwaukee after which he served as Technology Licensing Counsel at Micron Technologies in Boise. Most recently Peter had served as Patent & Technology General Counsel at S.C. Johnson. His career gave Peter the chance to travel to Asia, Europe and Australia fulfilling a desire to see the world that began with a semester in Spain during college. Throughout all of his stops from his childhood in Wisconsin, to his studies in St. Louis and his family's time in Boise, Peter was a true friend to many. When he made a friend, he made a lifelong friend. He shared phenomenal adventures with all of them and was the consummate "goodtimer", always ready to have fun and laugh. As a son, a husband, a father, a brother, a son-in-law, a brother-in-law and a friend he will be greatly missed.
