Planning for a smooth arrival to Marquette Law School on April 6, 2019

The Milwaukee Marathon begins at 7:00 am on Saturday, April 6, 2019. The race route will close Wisconsin Avenue (running through the heart of the Marquette campus) between approximately 7:00 am and 2:00 pm.

Parking for Law School Community is available in Eckstein Hall P2/11th Street. Note that once Wisconsin Ave closes, this will effectively close off parking access to P2. Marquette surface lots M & R are available to the Law School Community on April 6. These lots are both located on W. Michigan St, just east of Eckstein Hall and the freeway underpass.

Eckstein Hall will open at 7:00 am; parking will open at 6:30 am. If you arrive before 7:00 am, you should be able to avoid road closures and detours and park in Eckstein Hall.

If you arrive and cannot access P2, please park in lot R (Straz Tower) or lot M (across the street from Straz Tower) on Michigan.

Parking in P1/Clybourn is reserved for our guests. Please do not park in P1 on Saturday, April 6.

Residents of Milwaukee’s East Side and Lower East Side:
Please be informed that the Milwaukee Marathon course takes runners across the Milwaukee River, through the heart of downtown Milwaukee and over to the Lake Michigan Waterfront, around Lake Park and into the neighborhood before journeying back through downtown and the Marquette campus. As a result, access from the East Side/Lower East Side to downtown and the Marquette campus will be significantly impacted between 6:00 and 9:30 am.

If arriving early, please detour to I-43 Southbound and follow the directions for **Approaching from the North on I-43 Southbound (from Green Bay/North Shore)** in order to subvert marathon closures.

After 10:30 am, Michigan St should be available to access Eckstein Hall from as far east as Lincoln Memorial Drive—all cross streets are scheduled to open by 10:17 am.

Please feel free to review the Milwaukee Marathon race routes and road closure schedule posted at: [https://runmilwaukee.com/race-details/#course](https://runmilwaukee.com/race-details/#course).
