

## Marquette Law School Poll – August 25-28, 2016

(Percentages are rounded to whole numbers for reporting of results. Values ending in .5 here may round up or down if they are slightly above .5 or slightly below. Frequencies have been rounded to whole numbers but percentages are calculated based on non-integer weighted sample sizes.)

Results for all survey items among all registered voters are presented here. Please note that some questions are only asked of particular groups of respondents. In these instances, the row “NA’s” includes the number and percent of total respondents omitted from the question. These omitted cases are ignored when calculating the “Valid” and “Cumulative” percent columns.
