

October 9-17, 2017 Crosstabs

[Contents \(click on question to advance\)](#)

The cell values presented here are percents. The final column titled 'n' contains the total number of respondents in that row. Small percents of small numbers necessarily have very large margins of error and should be interpreted with caution.

Q16. Recently the City of Waukesha was granted permission to divert water from Lake Michigan to use as its water supply due to the amount of radium, a carcinogen, in its groundwater supply. An equal amount of treated water will be returned to Lake Michigan via a river that flows through Racine. Do you support or oppose this solution to Waukesha's drinking water issue?

Q17. Currently cities and towns in Wisconsin are limited to property taxes and state aid to municipalities for almost all of their revenue. Would you favor or oppose giving municipalities the ability to raise the sales tax by as much as 1 cent, so long as the tax was approved by voters in a referendum?

Q18. The City of Milwaukee is currently building a streetcar line in downtown Milwaukee. Supporters of the streetcar say it will spur economic development and attract businesses and visitors to the city. Opponents say the streetcar is too expensive and won't produce the economic benefits hoped for. Do you think the Milwaukee streetcar will produce benefits worth the cost or do you think the costs outweigh the benefits?

Q22. As you may know the state has struggled to find money to pay for highway projects in recent years and is now limiting work on some projects, including the Zoo interchange and some work on I-94. Would you support a special sales tax across the five counties in the Milwaukee area to provide additional funding for highway construction so long as the work occurred only within the five counties or would you oppose such a tax?

Q29. There are cultural institutions located in Milwaukee County, such as the Zoo, Art Museum, Milwaukee Public Museum and Marcus Center for the Performing Arts, that draw more than half their annual visitors from outside Milwaukee County but that currently receive

financial support only from Milwaukee County. Would you support or oppose a half-cent regional sales tax for the five counties in the Milwaukee area to help pay for maintenance and construction costs of buildings for these institutions?

Q34. How satisfied are you that school children in your community have affordable access to a high quality education, whether through a public school, an independent charter school, a private or parochial school that accepts state vouchers, or through a private school that is not part of the voucher program?

Q35. When Miller Park was proposed, a special one-tenth of a cent sales tax was added for Milwaukee area counties in order to pay for the Miller Park construction. Looking back on it now, do you think this was worth the cost to taxpayers or should Miller Park not have been built?
