

The Marquette Law School Poll

September 12 - 16, 2018

Abstract

This file contains crosstabulations of each non-demographic question with variables for sex, age, education, income, party identification with leaning independents, party identification without leaners, marital status, race and ethnicity, religious service attendance, religious affiliation, born again or evangelical identification, political ideology, and region of the state. To calculate the numeric size of a response, multiply the percent by the subsample size, indicated in the “n” column. **Statistics for very small samples (such as “Don’t Know” responses) have very high margins of error and should be disregarded.**

Q1.

Some people seem to follow what's going on in politics most of the time, whether there's an election going on or not. Others aren't that interested. Would you say you follow what's going on in politics most of the time, some of the time, only now and then, or hardly at all?

Q27a.

As you may know, Foxconn Corporation has announced it will build a large video display factory in Racine County employing up to 13,000 workers. The state is providing up to \$3 billion dollars of taxpayer money to Foxconn as an incentive to locate the plant in Wisconsin. Do you think the Foxconn plant will ultimately provide this much or more benefit to the state or is the state paying more than the plant is worth?

Q33.

What would you like to see Congress do when it comes to the 2010 health care reform law? They should keep the law as it is. They should keep the law in place and work to improve it. They should repeal the law and replace it with a Republican-sponsored alternative. They should repeal the law and not replace it.
