

The Marquette Law School Poll

April 3 - 7, 2019

Abstract

Registered Voters

This file contains **registered voter** crosstabulations of each non-demographic question with variables for sex, age, education, income, party identification with leaning independents, party identification without leaners, marital status, race and ethnicity, religious service attendance, religious affiliation, born again or evangelical identification, political ideology, and urban/rural status, and region of the state. To calculate the numeric size of a response, multiply the percent by the subsample size, indicated in the “n” column. **Statistics for very small samples (such as “Don’t Know” responses) have very high margins of error and should be disregarded.**

Q1.

Some people seem to follow what's going on in politics most of the time, whether there's an election going on or not. Others aren't that interested. Would you say you follow what's going on in politics most of the time, some of the time, only now and then, or hardly at all?

Q15A.

Should Wisconsin accept federal funds to expand Medicaid, also called Badger-care, in order to cover those with incomes up to 138% of the poverty line or should the state reject federal funds and not expand Medicaid coverage beyond the poverty line as it is now?

As you may have heard, after the November elections the legislature passed legislation that placed some new limits on the powers of the governor and the attorney general. Do you generally approve of the legislature taking these actions or do you disapprove of those actions?
