

The Marquette Law School Poll

January 8 - 12, 2020

Abstract

Registered Voters

This file contains **registered voter** crosstabulations of each non-demographic question with variables for sex, age, education, income, party identification with leaning independents, party identification without leaners, marital status, race and ethnicity, religious service attendance, religious affiliation, born again or evangelical identification, political ideology, and region of the state. To calculate the numeric size of a response, multiply the percent by the subsample size, indicated in the “n” column. **Statistics for very small samples (such as “Don’t Know” responses) have very high margins of error and should be disregarded.**

Q1.

Some people seem to follow what's going on in politics most of the time, whether there's an election going on or not. Others aren't that interested. Would you say you follow what's going on in politics most of the time, some of the time, only now and then, or hardly at all?

Sex

Q28A.

As you may know, Foxconn Corporation has announced it will build a large video display factory in Racine County employing up to 13,000 workers. The state is providing up to 3 billion dollars of taxpayer money to Foxconn as an incentive to locate the plant in Wisconsin. Do you think the Foxconn plant will ultimately provide this much or more benefit to the state or is the state paying more than the plant is worth?

Q32.

As you may have heard, on January 3rd a US drone strike in Baghdad killed a top Iranian general. On January 7th Iran launched a missile attack on two bases in Iraq where US troops are stationed. Do you think these events are likely to lead to a major military conflict between Iran and the US or do you think Iran and the US are likely to avoid a major conflict?
