

# The Marquette Law School Poll

Likely Voters  
October 21 - 25, 2020

## Abstract

### Likely Voters

This file contains **likely voter** crosstabulations of each non-demographic question with variables for sex, age, education, income, party identification with leaning independents, party identification without leaners, marital status, race and ethnicity, religious service attendance, religious affiliation, born again or evangelical identification, political ideology, and region of the state. To calculate the numeric size of a response, multiply the percent by the subsample size, indicated in the “n” column. **Statistics for very small samples (such as “Don’t Know” responses) have very high margins of error and should be disregarded.**

**Q1:**

Some people seem to follow what's going on in politics most of the time, whether there's an election going on or not. Others aren't that interested. Would you say you follow what's going on in politics most of the time, some of the time, only now and then, or hardly at all?

## Q23 combined leaners & allocated non-responders:

Vote choice with leaners and with allocated non-responders. For those not choosing one of the 3 named party candidates, the vote is allocated to Biden if the respondent had a favorable view of Biden and did not have a favorable view of Trump. The vote is allocated to Trump if the voter was favorable to Trump and not favorable to Biden. If favorable to both or not favorable to both no allocation was made. No allocation was made for Jorgensen.
